Education Details:

Qualification	Year	School/ College
B-Tech/BE: CSE	2022-2026(Present)	Navshyadri Institute of Engineering, Pune
HSC	2019	Tagore Public School, Indore (MP)
SSC	2017	Tagore Public School, Indore (MP)

Certificates:

Oracle – Certified Professional

-Sept 2025

- Oracle cloud infrastructure 2025 Certified Data Science Professional.
- From data exploration to model training to MLOps practices and deployment.

Recognized for expertise in Data Science optimization specific to Database and end-to-end ML solutions.

Artificial Intelligence

-Apr 2025

- Practical Knowledge of AI deployment in cloud environments and edge devices.
- Certified from Codec Technologies, One-month online Internship.
- Recognized for expertise in AI algorithm optimization specific to computer engineering applications.

Web Development and Designing

-Dec 2023

- Certified from Oasis Infobyte, one-month internship.
- Learned the basics of web development and designing tools.
- As a beginner, learned to establish and create a base of a website.

Advance Excel

-Aug 2024

- Certified Excel with proficiency in data analysis and visualization.
- Certified from G-Tech Keerti Education Institute

Skills:

- Good knowledge of computers.
- Good Knowledge in Computer Languages
 - C++, Python, html/css/js (basics)
- Efficient enough to operate MS Word and MS Excel.

Career Objective:

Dedicated computer engineer with a solid foundation in both theoretical and practical knowledge of computer, aiming to leverage extensive educational background to contribute to innovative technology projects. Ready to utilize my skills and passion to further the mission of a company and aiming to achieve a challenging position that promotes professional growth and prospects.

Qualities:

- Quick and Passionate Learner.
- Problem-solving and Teamwork.
- Adaptability and Good Communication.
- Time Management.

Other Courses:

- Data Science and Ai Mastery: From Basic to Deployment.
- Python complete course for beginners.
- Oasis Infobyte.

Projects:

- Android App Development – ongoing project , with the help of Android studio .
- Smart Gloves – Arduino based project.

Working based on hand signals through flex sensors and the output we get is on a mobile device through Bluetooth connectivity

Declaration:

I hereby declare that the above-mentioned information is true to the best of my knowledge and belief.
